

Making Our Customers Happy

After completing a project, we always ask our customers for honest, direct feedback about our roofing systems and the work that was done to install them. For truly unbiased opinions, we have engaged the respected **Arizona State University Performance Based Studies Research Group**. ASU independently surveys our customers to gain a deeper understanding of their experience during the roofing system selection and installation process.

The results have been **off-the-charts positive!**

These results are based on surveys conducted from April 2012 through May 2014 and include: **3,206** surveys conducted
23,500,000 square feet of roofing

For additional verified performance information, contact Tremco Roofing & Building Maintenance at 800.852.2782 or info@TremcoRoofing.com.
