

# Campus Sustainability

**Integrate sustainability improvement plans with core campus functions to save time, money and the environment**

The burden of continuous data analysis and time-consuming reporting can keep sustainability professionals from their true mission: designing and implementing campus enhancements that nurture a culture of environmental responsibility.

## **Gordian can ease this burden with solutions that empower and support sustainability leaders by:**

- Quantifying sustainability performance across a broad spectrum of indicators
- Benchmarking your efforts with those of peers and best in class institutions
- Reporting on successes and identifying areas requiring increased focus
- Making strategic recommendations that align sustainability, facilities and business objectives
- Meeting reporting requirements of programs such as the Carbon Commitment, STARS, Sierra Club and Princeton Review
- Communicating sustainability needs and progress to senior leadership

# Gordian provides keen insights and proven strategies that help your institution enhance its sustainability efforts.

## Benchmarking and Analysis

Having completed more than 500 operational sustainability analyses and carbon emissions inventories, Gordian core sustainability service help you:

- Save time, free-up resources and build constituency for change
- Stay on the cutting-edge of reporting standards from the Sustainability Institute at the University of New Hampshire
- Access valuable metrics related to key sustainability issues
- Compare your institution against peers
- Generate benchmarks through our online Member Portal

## Reporting

AASHE STARS reporting is complex, time-consuming and resource intensive. Gordian sustainability reporting service eases this burden by:

- Collaborating across departments to minimize their data collection and reporting involvement
- Expediting timelines through effective and transparent project management
- Compiling, reviewing and verifying results to assure breadth and accuracy
- Accurately reporting results to ensure proper ranking against other participating institutions
- Making strategic recommendations to improve future performance and boost STARS scores
