

CORPORATE OVERVIEW

Infojini Inc. is a CMMI Level 3 and NMSDC certified Minority Business Enterprise (MBE) dedicated to helping public sector agencies, higher education institutions, K-12 districts, and community colleges create accessible, inclusive, and compliant digital experiences. We specialize in delivering ADA, WCAG 2.2, Section 508, and EN 301 549 compliance services that help meet legal mandates, improve user experience, and promote digital equity. With deep experience serving government and education clients, we offer flexible engagement models including both Time & Material (T&M) and Statement of Work (SOW) delivery.

At Infojini, accessibility isn't just about compliance— it's about building a more inclusive digital environment for all.

TESTIMONIALS

STATE UNIVERSITY – HEAD IT & INFRASTRUCTURE

We are very pleased with Infojini's work on our Information Security project. The co-operative contract model was a great fit for our needs, and we were able to save significant time and cost.

COMMUNITY COLLEGE – IT MANAGER

Speedy response to our service requests. Excellent communication. Easy to use CMS with a user-friendly interface. Easy to read users guides to allow non-technical staff to learn to manage the website. Visually appealing multiplatform website design.

INDEPENDENT SCHOOL DISTRICT – IT DIRECTOR

Top notch service delivered on time. Since the migration of web apps, which went seamlessly, we have not experienced any issues! No down time Infojini has great support system.
