

Campus Travel Management Services

WHO WE ARE

A nationally recognized leader in higher education travel management.

Anthony Travel specializes in university business travel, athletic department travel, study abroad programs, fan travel, international tours, and high-end donor experiences.

Since 1989, our dedication to university travel has gone far beyond transacting travel; we conduct planning meetings with faculty, find solutions to last-minute cancellations, help construct department budgets, and so much more.

WHAT WE DO

We partner with universities to build comprehensive travel programs by providing extraordinary service and creative travel solutions.

We differentiate ourselves by acting as an extension of our client's staff – going above and beyond to deliver excellence through high-touch, agent-assisted services combined with self-service solutions. Building a successful, comprehensive travel program requires a massive investment of time, energy, and education, and our expert work is guided by our rich history of collaborating with universities.
