

# Welcome CCCS Group Members!

E&I Cooperative Services is proud to serve as official cooperative purchasing services provider for members of the Coalition for College Cost Savings.

E&I is the member-owned, non-profit sourcing cooperative delivering expertise, solutions, and services to the educational community and related institutions. The Cooperative leverages the knowledge and expertise of over 5,000 member institutions to deliver a robust and proven solicitation program that connects members with best-in-class, competitively solicited contracts and solutions to help them optimize supply chain efficiencies, reduce costs, and drive operational efficiency.

In addition to up-front pricing discounts, E&I provides lower costs to members in the form of rebate and/or financial incentives, as well as patronage refunds distributed at the end of the year upon approval of the Board of Directors.

CCCS and E&I share a commitment to collaboration and a true belief in the power of cooperative purchasing. As part of this agreement, CCCS members and their member institutions have access to the additional buying leverage available through the Cooperative's extensive contract portfolio. Many CCCS members and institutions are already enjoying the benefits available through E&I, and we are confident that this alliance will continue to increase the opportunities for savings.
