

**SEAMLESS IT
PURCHASING.**

**ORCHESTRATION
BY CDW·G.**

Achieve even **greater benefits** from your E&I Cooperative Services membership, thanks to E&I's winning program with CDW·G.

THIS AGREEMENT GIVES YOU

+ Apple Pricing

Higher education members gain access to Apple products, many of which are priced below current Apple Education list pricing.

+ Enhanced Pricing Program Available

Members with an annual spend commitment gain enhanced pricing via a Specific Member Agreement.

+ Long-Term Planning

CDW·G is committed to the long-term success of our education customers. We will deploy technical resources to help customers understand product roadmaps, emerging technologies, and how to integrate complex technologies that drive anytime, anywhere learning and research.

+ Customer Meetings

CDW·G will drive enhancements to the E&I agreement by inviting top customers to our Chicago location for executive briefings and technology roadmapping. Alternatively, CDW·G can engage with customers virtually or at their own locations.

+ Customized Staging & Equipment Configuration

For E&I members that have larger and more complex IT rollouts, CDW·G will proactively work with the member to provide supply chain and equipment customization solutions.

+ Prioritized Access to Technical Resources

CDW·G boasts more than 1,000 technical resources that can assist E&I members with advanced and emerging technology solutions.

+ E-Procurement Optimization

CDW·G will prioritize E&I members for e-procurement integrations via Jaggaer, ESM or any other marketplace solution provider. On average, CDW·G currently completes e-procurement integrations within 28 days but can complete an integration in as few as three business days.

EXPANDING MANUFACTURER PRICE BENEFITS

Ten manufacturer partners have accelerated pricing support under the CDW-G and E&I agreement.

DYNAMIC PRODUCT CONFIGURATION VIA E-COMMERCE

As part of the CDW-G and E&I agreement, E&I members have the ability to:

Search and filter PC configurations based on preference for various PC components

Create a BTO configuration and host the configuration on a custom e-commerce/e-procurement page

Leverage the original equipment manufacturer's site for dynamic configuration, create a custom configuration and seamlessly purchase that configuration

To learn more about available products and pricing on the E&I contract, contact your dedicated CDW-G account manager or visit CDWG.com/eandi. You can also request a quote on this contract by **calling your account manager** or **800.808.4239**.
