

# CAMERAS FOR REMOTE LEARNING

**Camera solutions** enable teachers to effectively communicate lesson objectives to their students, creating an inclusive learning environment for remote student collaboration. Bringing together outstanding crystal-clear HD optics, Point-Tilt-Zoom (PTZ) capabilities, and exceptional Field of View (FoV) options, our camera solutions are ideally suited for hybrid classroom instruction, giving an “in-person” quality to their daily instruction.

CDW’s plug-and-play classroom camera options work with all leading video and audio conferencing solutions and are certified for use with Microsoft Teams & Zoom. Be confident that your team can connect, whatever equipment they’re using.
