WE GET DIVERSITY

WE ARE CDW

CDW is a leading provider of multi-brand technology solutions to business, government, education and healthcare customers in the United States, United Kingdom and Canada. We offer everything from hardware and software to integrated IT solutions such as security, cloud, data center and networking.

WE ARE COMMITTED TO SUPPLIER DIVERSITY

Our supplier diversity program exists for one reason: to facilitate direct and indirect spending with small, minority-owned businesses. But it is not about expenditure targets or handouts. It means working with an extensive network of creative, innovative, and competitive suppliers to deliver the best solutions and experiences at the best value for our customers.
