The Clear Choice for All Your HVAC Needs

Announcing E&I's new contract with **Carrier Corporation**, a world leader in manufacturing HVAC equipment and a founder in the industry.

This comprehensive contract offers E&I members a full range of products and services from this top-tier manufacturer. Carrier delivers a value proposition unlike any other – superior products at competitive pricing. And while other companies offer HVAC products and services, few can offer the same solutions, range of products, engineered designs, and total customer value you'll find with Carrier.

Contract Highlights:

- Competitive discount – off-list pricing
- Carrier Totaline Parts Network – over 400 locations across the US and Canada
- Turkey installation and contracting
- Startup and commissioning services
- Building automation systems

Learn more about this contract, visit our [website](#), or contact your **E&I Member Relations Representative** or **Davit Ott**, Portfolio Support Executive, Facilities for more information and to get started.

This contract was the result of a competitive award based on E&I's RFP #683324 for Building Automation, HVAC, HVAC-R Equipment, Supplies & Services.
