

Scalable, Reliable, & Secure Cloud Communication Solutions

Clearspan is a global provider of cloud hosted telecom and web conferencing solutions, delivering unified communications, voice, video, messaging, and collaboration software and services to educational institutions throughout the U.S. The company empowers users, simplifies administration, and lowers operating costs with turnkey managed solutions customized to your unique requirements.

Clearspan provides flexible Unified Communications as a Service (UCaaS) solutions that deliver anywhere, any-time, any device communication and collaboration capabilities purpose-built for education. With Clearspan, you will experience carrier grade reliability, scalability, and security without sacrificing the flexibility needed to seamlessly integrate innovative and legacy business applications and infrastructure. Administrative applications—including zero touch and automated bulk provisioning, auto install, custom bundling, and extensive reporting—provide superior user experiences while saving you time and money.

Contract Highlights:

- Advanced unified communications platform uses industry standard hardware and protocols, provides innovative features, and is extremely reliable and cost-effective.
- Components from top industry providers, including BroadSoft, Cisco, Ribbon Communications, IBM, AudioCodes, Polycom, Mitel, and more.
- PBX-like services plus enhanced services, including unified messaging, fixed-mobile convergence, interactive voice response, conferencing, collaboration, and call center applications.
- Carrier-grade reliability, scalability, and security, with the flexibility to seamlessly integrate new and legacy applications and infrastructure.
- Easy administration and powerful visibility with Clearspan's patented OpEasy multi-tiered administrative application.
- Supports a wide range of endpoints and soft clients, including Session Initiation Protocol (SIP) compliant desk and soft phones, mobile, and video clients—offering high capacity, mission-critical performance.
