

IT Managed Integration

Connection understands the IT needs and complexities of the education marketplace. From design through deployment, Connection offers a complete portfolio of IT services designed to help E&I members. This competitively solicited contract is specifically for IT Managed Integration Services & Staff Augmentation.

Connection specializes in fulfilling the unique IT needs of higher education and K-12 institutions, as well as federal, state and local governments. Connection's extensive experience managing government contracts provides the expertise and knowledge to adequately address the various needs facing higher education procurement professionals. Customer requirements are fulfilled efficiently through a variety of purchasing mechanisms that result in accurate departmental billing and shipment support documentation.

Contract highlights:

- Dedicated Account Managers, who understand the needs of IT decision makers
- Technical experts who will assist members with assessment, design and implementation of IT projects
- A variety of professional services including:
 - Installation Services
 - Image Development
 - Desktop Imaging
 - Asset Tagging
 - Deployment and Installation Services
 - Asset Disposal and Redeployment

E&I is dedicated to providing our members with competitive pricing and aggressive discounts on a broad range of hard-ware, software, peripherals and service offerings. For more information on this competitively solicited Connection contract, contact your local [Member Relations Representative](#) or Michael Mast, *Business Development Manager, Technology*, at mmast@eandi.org.
