

# LEARNING NEVER STOPS

## Increase Your Teaching Potential with Our Professional Development Training Courses

As technology evolves in education, so do the paths to an environment that provides successful learning outcomes. Sometimes discovering a more efficient way to use the latest tools in a proficient manner can lead to frustration and even more questions. That's why Connection offers courses led by certified Microsoft Trainers—a service unique to us.

Join fellow educators in uncovering the possibilities within Microsoft Office 365 Education, new trends, and more through courses led by our MIE Certified Professional Development Specialists. Together, we can transform education by streamlining communication and collaboration with programs like Sway, PowerPoint, and Flipgrid to give students a voice while providing accessibility tools to level the playing field for all learners.

### We offer training courses on:

- Microsoft Teams
- Microsoft Sway
- The Inclusive Classroom
- Microsoft OneNote
- Microsoft Translator
- Accessibility Tools
- Microsoft Forms
- Office Online
- Remote Learning
