

Advanced Technology Solutions, Services, & Expertise

Connection® Public Sector Solutions delivers technology to enhance growth, elevate productivity, and empower innovation, all while consistently demonstrating award-winning performance for quality service and on-time delivery. Connection's extensive experience in education has resulted in a commitment to offering solutions that provide the best value and fulfill the unique IT needs of higher education and K-12.

As technology continues its forward momentum, Connection continues to evolve to respond to all your IT needs. Connection's dedicated specialists support E&I members in designing, enabling, managing, and servicing IT environments. They work closely with IT as well as academic and administrative departments to solve technology challenges, including campus integration standards and streamlining purchasing procedures.

Twice recognized by Forbes as one of "America's Most Trustworthy Companies," Connection offers E&I members consistently competitive pricing on the computer equipment and related hardware, software, and services needed most.
