

Distribution + Supply Chain Solutions

Cenmed helps healthcare providers and researchers overcome the unique challenges of their field and ease their workload by combining innovation and technological advancements to exceed the expectations of our customers. Cenmed is dedicated to easing your workload and help achieve your goal by providing top-notch laboratory supplies.

Providing Value to Your Organization

Cenmed: Your trusted partner for all laboratory supplies. Simplify your supply management, improve patient care, and boost efficiency with Cenmed. Our extensive catalog (over two million items!) and just-in-time delivery system empower healthcare providers in acute care, hospitals, and IDNs to focus on what matters most: their patients.

We understand that our laboratory supplies are essential to your mission. Our vast catalog offers everything you need, delivered on time and in good condition by our trusted distribution partners. From product availability to delivery and follow-up, we put you first. At Cenmed, you'll find cost-effective supplies, superior customer service, and a partner who cares about your success.

Our Capability

Our company boasts exceptional logistical capabilities, seamlessly orchestrating complex supply chains to deliver products with precision, speed, and reliability to our valued customers.

Cenmed has the capability to partner with 3rd logistic companies globally. Providing a streamlined distribution solution, Cenmed understands each vendor has its unique set of compliances, shipping and routing instructions that must be adhered to.

The pack out specifications, label requirements, and order preparations are fulfilled with precision and accuracy.

Experience the Cenmed Difference

At Cenmed, we stand out from the crowd by prioritizing the establishment of robust relationships with our customers. Our vision is to enable the advancement of healthcare. Cenmed is a global laboratory supply distributor headquartered in New Brunswick, New Jersey. Founded in 1992, Cenmed has grown to become a leading provider of laboratory equipment, supplies, and services to colleges and universities, hospitals, research institutions, and other healthcare organizations around the world.
