SUPPLIER DIVERSITY

For today's education institutions, supplier diversity is about more than boosting the bottom line – it's about social responsibility. Increasing contracting opportunities for diverse suppliers strengthens local communities and helps diverse businesses grow. Leveraging diverse suppliers can lead to unexpected innovations and add considerable value to your supply chain.

YOUR SAVINGS SOLUTIONS

At E&I Cooperative Services, we're committed to supporting your diversity spend initiatives by providing you with opportunities to work with suppliers that qualify as minority-owned, women-owned, disadvantaged, and local business enterprises.

Our competitive solicitation process establishes best value contracts for our members. When soliciting new contracts, it is our goal to identify and include various diversity suppliers who can serve our members' business requirements. To qualify, suppliers must be at least 51% owned, operated, and controlled by an individual (or individuals) within nationally recognized Diversity Supplier Classification.

SUPPLIER
DIVERSITY

Diversity Supplier Classifications

E&I accepts through self-certification nationally recognized diversity business classifications/ownerships, including:
