

COMMUTE WITH ENTERPRISE THROUGH THE E&I CONTRACT

Commute with Enterprise benefits your institution and your employees. Enterprise makes it easy for your employees to share a ride to and from work — connecting people who live near each other and providing the vehicle.

Your employees save money, get back time for themselves, and arrive in a better state of mind. And fewer solo drivers will help your institution reduce carbon emissions and parking congestion. Calculate your institution's impact [here](#).

How it works:

- Enterprise works with you to design the program to meet your business goals
- Enterprise connects coworkers who live near each other and supply a recent model SUV or van
 - Insurance, maintenance, and 24/7 roadside assistance are included
- Enterprise provides new vanpools with a Complete Clean Starter Kit with guidelines to help riders keep their vehicles clean
- Riders split the costs and responsibilities of driving and vehicle care
- Enterprise provides quarterly impact reports to monitor program performance
