Uniform management can be complex, time-consuming, and expensive.

Making sure the right people are wearing the right uniform in the right place is a challenge.

Each department has a distinctive need, and each employee serves a specific role.

Employee identification is beneficial, yet limiting variations in appearance is meaningful to patients.

Uniform management is a priority, but so is ensuring an appropriately staffed work shift.

Standardizing and driving uniform compliance can feel insurmountable, especially when people are on the move.

Scrubin Uniforms by Standard Textile is the Solution.

CUSTOMIZED ONLINE WEBSITE FOR EACH LOCATION

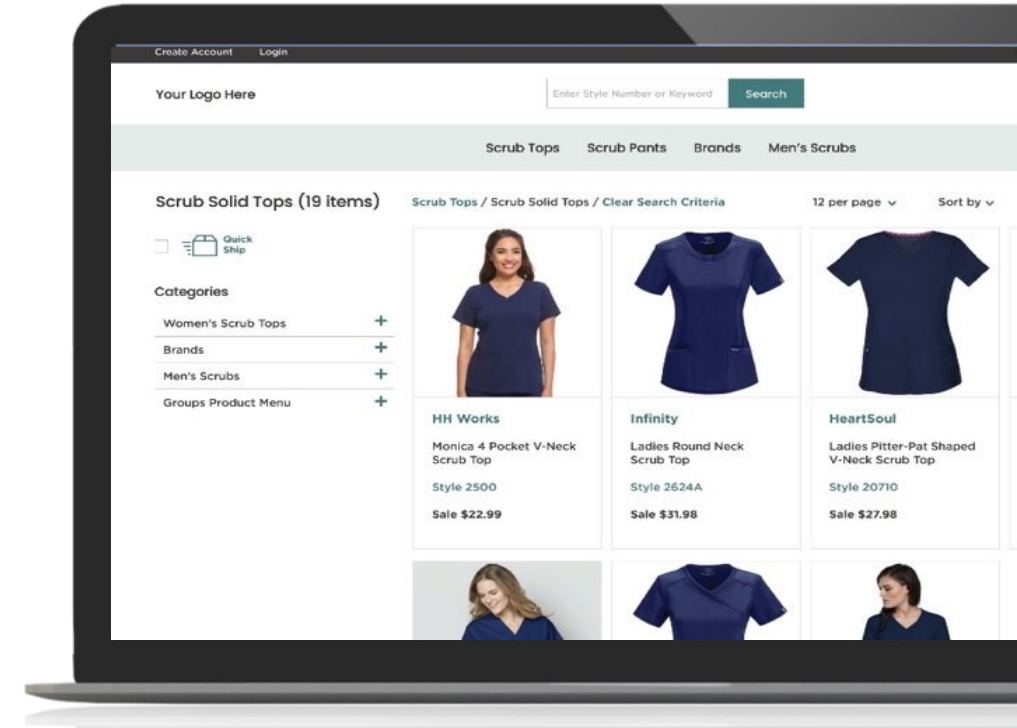

Your portal will align with your organization's required and standardized uniform guidelines with only preselected approved items available to purchase.

"MARKETING YOUR WAY" PROGRAM

Our program specialists will work with you to customize a marketing program for your organization. Each location will have a menu of assets to choose from to ensure your program remains compliant and successful.

REPORTING DASHBOARDS & SUPPORT

Your program includes a customized reporting dashboard along with dedicated support teams.

1. Access to all major brands of scrubs, lab coats, office apparel, outerwear & other apparel
2. Fully customized and managed website for your organization at no additional cost
3. E&I Member program pricing applies to all apparel
4. Logo set up fees waived for any applicable logo
5. Payment options include credit card, Net30, payroll deduct and employee and/or student vouchers
6. Employees and/or students receive program pricing for additional self-pay items
7. Orders shipped to the facility or a residence

PRIVATE UNIFORM PORTAL

- Customize to your unique needs
- Standardize your uniform program
- Drive employee compliance

ADMINISTRATOR BENEFITS

- Maintain control of apparel options
- Manage vouchers and purchase orders
- Generate dashboards and reports

EMPLOYEE BENEFITS

- Pay by vouchers, payroll deduction, or credit card
- Return or exchange items easily
- Enjoy program pricing on all apparel

PROGRAM FAQs

HOW MUCH DOES THIS PROGRAM & SERVICE COST?

There will be no cost to the E&I member for the website or ongoing managed services.

HOW DO THE PAYMENT OPTIONS WORK?

All payment options are controlled through the individual's login. Administrators and purchasing managers will have the Net30 option at checkout if a terms account is established. All others will have to use a personal credit card, voucher, payroll deduct or submit for approval if applicable.

HOW DOES SAMPLING AND SIZING WORK?

We offer a full sample and sizing kit program with many different options including a borrow and return program along with a purchase and keep program.

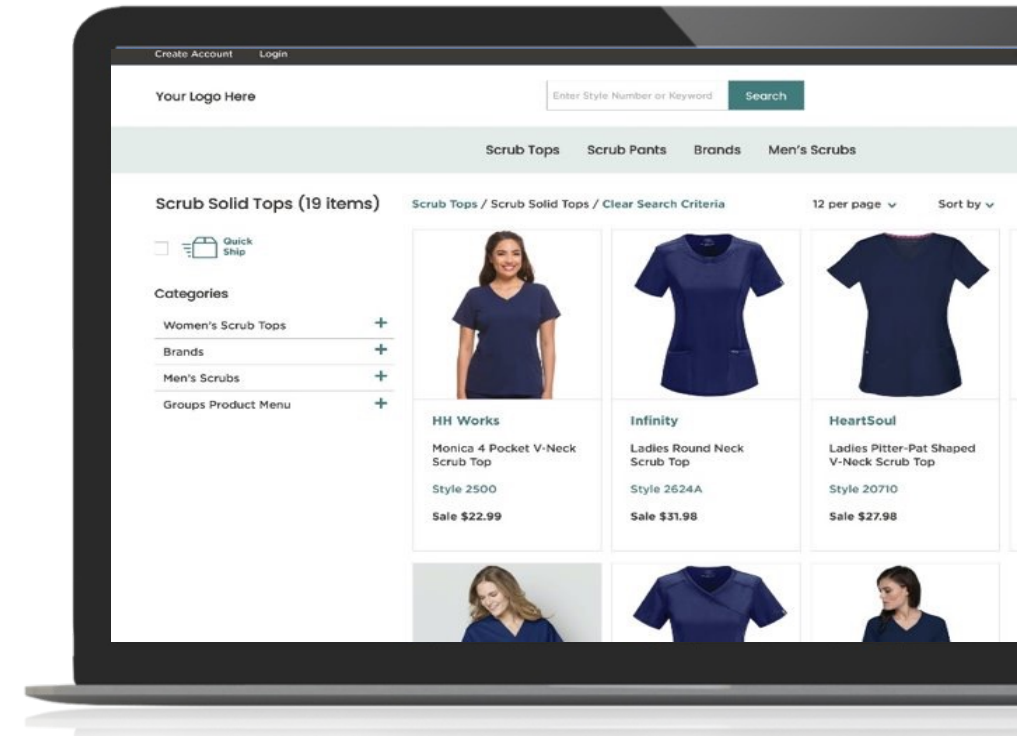

IS THIS A B2B OR A B2E PROGRAM?

Both. Many facilities use the website through their purchasing and procurement departments for any company issued apparel.

Individual employees can also use the portal to shop for self-pay items that will be fully compliant with their facility or program dress code.

CAN THIS WEBSITE INTEGRATE WITH OUR CURRENT PURCHASING SYSTEM?

Yes. This website can fully integrate into your current purchasing system through a punchout. We are compatible with Ariba, Lawson, PeopleSoft and Coupa to name a few.
