

Transform your data into a strategic asset

Don't let disconnected data hurt your margins, efficiency and productivity. Unlock your data's potential by seamlessly integrating systems, and significantly improve your data and insights.

Who We Are

East Point Consulting (EPC) is your ideal technology management and consultancy partner specializing in game-changing data integration services for institutions. We excel in seamlessly unifying data across functions and systems, transforming data into actionable insights that fuel institutional success.

With a dedicated focus on higher education, we understand the unique challenges you encounter and provide tailored solutions to overcome them.

Why Choose Us

Deep Industry Experience

We have an in-depth understanding of the unique challenges faced by educational institutions.

Proven Track Record

With a history of successful partnerships and satisfied clients, we have a proven track record of delivering exceptional results.

Consulting Expertise

We're at the forefront of technology and data integration trends that keep your institution ahead of the curve.

Our Specialization

Empower your students for success

We understand that your students are at the heart of your institution's success. Our student data services go beyond conventional data management, leveraging the entire student lifecycle to drive retention, graduation, and enrollment rates to new heights.

Boost your research revenue with insights

Unlock the full potential of your research endeavors with our sponsored research analysis. We combine data from proposal to post-award stages to help you optimize research revenue and awards.

Unlock financial clarity and strategic planning

Achieve unparalleled access to your financial planning from statements at your fingertips to complete integration of budget, financial, payroll, and HCM systems; we provide unprecedented access to data for planning.

Automate your reporting process

Are you tired of spending weeks on census reporting? Our automation is here to revolutionize your reporting process, freeing up valuable analyst time for in-depth research and analysis.

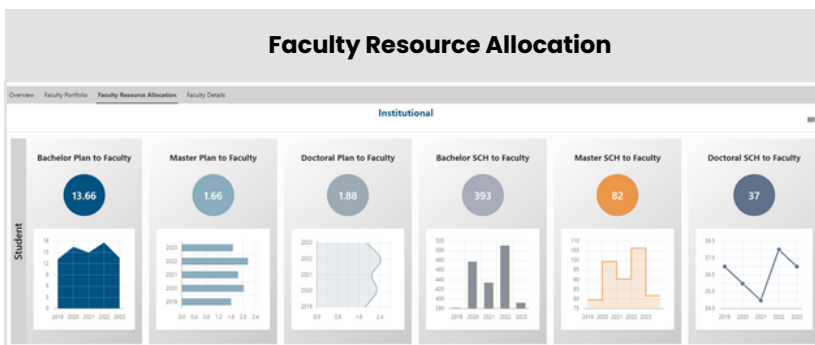

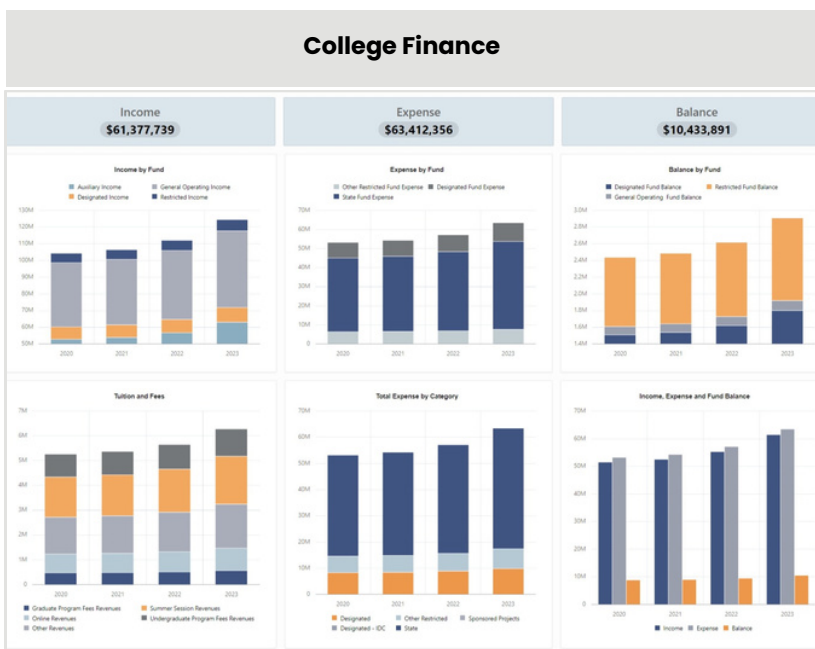

Drive strategic workforce decisions

Your institution's success relies on a cohesive workforce. Our workforce solutions address the challenge of disconnected workforce data, enabling institutions to inform compensation analysis, recruitment, and retention decisions.
