Deliver the consumer-like experiences buyers expect

Overcoming challenges such as approval delays, budget overruns, and ad hoc purchasing makes it difficult to support buyers with insights they need to make more sustainable, responsible decisions that align with institutional policies. And, ever-changing regulatory mandates and disconnected systems obstruct the buying process and leave the institution exposed to risk.

Simplifying the path to purchase

With ESM Purchase, institutions can automate procurement processes and eliminate the internal run-around, making it easier to connect people with the resources they need to advance education.

Encourage people to buy from preferred suppliers who align with the institution's mission and adhere to the institution's policies. Using ESM Purchase, you can promote local companies, advocate for sustainable purchasing options, and enable users to confidently purchase the goods and services they need to advance education.

- Make shopping easy and intuitive
- Take the hassle out of buying and re-buying
- Simplify and streamline approvals

Integrated. Compliant. Secure

Protect institutional integrity with solutions designed to safeguard against risk, ensure regulatory compliance, and keep your data safe and secure. ESM Purchase promotes organizational responsibility with inline budget impact for intended buying decisions.

- Connect finance and spend data
- Surface valuable insights and improve decision-making
- Adhere to security protocols and protect sensitive data
- Align access rights and permissions with institutional policies
- Comply with regulatory mandates

Better Visibility. Better Control.

Give buyers a clear sign that indicates if they can proceed with their purchase - or flag required actions. With ESM Purchase, institutions can increase transparency into the approval process so buyers have a clear view of their purchase status.

- Increase transparency
- Promote collaboration
- Boost confidence in decision-making

Brand Safe. Brand Secure.

Encourage people to buy from preferred suppliers who align with the institution's mission and adhere to the institution's policies. Using ESM Purchase, you can ensure ethical buying and promote responsible purchasing practices, all while automating the process for fringe vendors who satisfy specific needs.
