# axiUm Ascend

HARNESS THE POWER OF THE CLOUD

axiUm Ascend is the first cloud-based academic dental software on the market. Specifically designed for the academic market (dental, dental hygiene, and dental assisting schools), axiUm Ascend is responsive to fit your needs securely within your environment. With cloud-connectivity, you're able to lower IT costs and streamline updates and support.

AXIUM ASCEND FEATURES

Front Desk Management

– Intuitive Dashboards

– Intelligent Exit Workflows

– Provider Schedule Control Per Location

– Patient Routing Panel

– Create & Track Treatment Plans

– Scheduler & Appointments

Business Management

– Multi-location Support

– Location Switching

– Permission Control

– Power Reporting

– Ledger Location Overview & Awareness

– Insurance Plan Management

– Electronic Claims

Academic Management

– Student Evaluations

– Student Feedback

– Approvals for Treatment Planning

– Approvals for Treatments & Procedures

Clinical Management

– Patient Overview

– Customized Clinical Chart

– Electronic Prescriptions

– Quick Exam Charting

– Digital Imaging

axiUm Ascend
HARNESS THE POWER OF THE CLOUD

CASE STUDY

axiUm Ascend is the *First* Cloud-Based Dental Education Software To Go Live

Many dental schools and programs, such as AT Still University, were challenged to effectively maintain the technical infrastructure of an on-premise software solution.

ATSU
A.T. STILL UNIVERSITY

Cloud-based solutions such as axiUm Ascend resolve this, by reducing the prohibitive costs of servers and databases that on-premise software often comes with. This allows them to spend more time caring for patients, and ensuring students are successful, and spend less time managing their clinics.

AT Still is using axiUm Ascend in their dental clinic to manage their patient EHR, scheduling, clinical charting, imaging, and their dental students' graduation requirements.

> *axiUm Ascend allows our students to access patient records on multiple devices from anywhere & makes it easier for them to focus on dentistry and education.*

DR. JONNY BRENNAN, Associate Dean, A.T. Still University
