

YOUR FLEET IS AN INVESTMENT

OUR MANAGEMENT SOLUTIONS CAN HELP IT PAY OFF

Holman
Driving What's Right

BUY

VEHICLE FUNDING

Flexible financing options for open- or closed-end leasing, transparent fixed or floating rates, and consolidated cost reporting.

SUPPLY CHAIN MANAGEMENT

Accurate and cost-effective supply chain management with vertically integrated vehicle upfitting and online status tracking.

DRIVE

LICENSE AND REGULATORY COMPLIANCE

Single-source solution for every licensing and compliance need from initials to renewals and special projects. Safely secure vault storage of original titles, with all documentation accessible online.

FLEET ADMINISTRATION

Reduce internal administration with expert management of strategic and tactical fleet needs supported by corporate and local offices.

FUEL AND ENERGY MANAGEMENT

Co-branded card, data integration, fuel cost control, bulk fuel management, wet hosing, emergency fuel supply, and OTR fueling.

DRIVER MGMT, DRIVER MVR, COMPLIANCE, & SAFETY

Continuous monitoring of Motor Vehicle Records, driver risk scoring, and proactive delivery of training modules controls exposure.

PERSONAL USE REPORTING

Easy collection and reporting of personal and business mileage, including IRS-approved ALV method.

TOLL & VIOLATIONS MANAGEMENT

Solutions for parking and toll violations that keep costs and downtime under control.

ACCIDENT MANAGEMENT & SUBROGATION

ASE-certified specialists manage all accident claims from notification to subrogation, including loss reports, driver safety, towing and repairs.

FLEET INSURANCE

Coverage that integrates billing, processes, and reporting into one place. Leverage data to lower total cost of risk.

SERVICE

MAINTENANCE MANAGEMENT

Control costs and downtime with a predictive data approach to service, repairs, roadside, and rentals, supported by North American call centers.

GARAGE MANAGEMENT SYSTEM

Integrate in-house and out-sourced repairs to leverage comprehensive tracking, management and reporting on fleet data.

SELL

VEHICLE REMARKETING

Achieve positive returns through our vehicle remarketing strategy. Private-label sites, auctions, dealers, employee sales, direct purchase, and equipment services are available.

HUBS

TELEMATICS

Three levels of telematics offered to meet every need and budget: Data Capture, Consulting Services, and Managed Solutions.

ANALYTICS, FLEET TECHNOLOGY, & INTEGRATION

Consolidate all your fleet data (ERP systems, driver activity, previous lessor data, and more) into a cloud-based platform to provide real-time perspective. Utilize dashboards, KPIs, reporting, analytics, and driver apps.

STRATEGIC CONSULTING

Tenured consultants review your fleet data to set performance benchmarks and deliver recommendations for efficiency.

ALTERNATIVE FUEL INTEGRATION

End-to-end solutions for achieving sustainability goals, including fleet electrification and alternative fuel integration services covering consulting, execution, and management.
