

# Never Change a Battery!

## Student Housing Fire Statistics

According to the U.S. Fire Administration from January of 2000 to May of 2015 there were 85 fatal fires in student housing resulting in 118 fatalities.

In 58% of those fatal fires the smoke alarm was either missing or the battery was removed.

According to the NFPA smoke alarms should be replaced every 10 years.

## 10-Year Smoke and Carbon Monoxide (CO) Alarms are Ideal for Student Housing

### **Worry-Free**

#### Ten Year Sealed Battery Smoke & Carbon Monoxide Alarms

- **Sealed Lithium Battery:**  
*No stolen batteries or worry of non-functioning alarm.*
- **Maintenance-Free:**  
*Battery never needs replacing. No need for maintenance personnel to change batteries.*
- **Tamper Resistant:**  
*Ensures uninterrupted performance and reduces liability.*
- **Product Lifelong Warranty:**  
*Alarms are UL Listed, and last 10 years.*
- **Ask about our 10-Year Wire-free Interconnectable Alarm Line.**
- **Save time and money by investing in 10-Year Worry-Free Alarms!**

Powered by sealed-in, 10-year lithium batteries, Kidde's 10-year smoke and CO alarms use only one battery for the life of the alarm to provide 24/7 fire safety protection.

Save up to \$40 in batteries over life of each alarm!

No more late night low battery chirps!

P4010ACSCO:  
Combo  
Smoke/CO with  
10-year battery  
backup

### Student Housing Recommended AC/DC Smoke and CO Alarm Models

- i12010S: Smoke with 10-year battery backup
- i12010SCO: Combo Smoke/CO with 10-year battery backup
