

# K-12 BUILDING & CONSTRUCTION SOLUTIONS

## K-12 BUILDING & CONSTRUCTION SOLUTIONS

From capital planning projects and renovations to JOC, furnishings, and more, E&I can help.

When it comes to K-12 construction projects, E&I has you covered. From new builds, to one-off projects and repairs, to long-term capital planning and management, E&I's diverse portfolio of building solutions can set you well on your way to success. Our suppliers can help you complete virtually any construction project while delivering quality, cost savings, and reduced time to completion.

E&I's competitively solicited contracting process has been validated as complying with generally accepted procurement standards by the National Institute of Governmental Purchasing (NIGP). Our portfolio of more than 125 contracts satisfies the compliance requirements of most of our members, but we also supplement these with select adopted contracts that have been solicited by Lead Public Agencies (LPAs).

### When it Comes to K-12, E&I Goes Way Beyond Commodities

From flooring to roofing, and just about everything in between, E&I has a large variety of commodity contracts. But our portfolio also includes consulting, planning, job order contracting, and project management. We can help K-12 schools and districts drive cost savings, meet complex schedules, and ensure the quality and consistency of virtually any construction project.

### We've Built the Space . . . Now What?

With your construction project finally complete, our expansive portfolio of products and services can help outfit your buildings from wall-to-wall. This includes a wide variety of furniture and seating (lab, library, classroom), carpets and flooring, technology, A/V, smartboards, security systems, lab supplies, food service equipment, lockers turf, paint and coatings, MRO supplies, and more.

## How E&amp;I Fits In ...

## Build It

## Furnish &amp; Operate It

## Talk to E&amp;I

Whether you're building brand new spaces for K-12, carrying out scheduled repairs and upgrades, or just looking to complete a special project, E&I can help! For more information, please visit [our website](http://our website) or contact, James Lampe, Vice President, Member Success, at [jlampe@eandi.org](mailto:jlampe@eandi.org).
