

# Medline Greensmart® Glove Program

greensmart®

# A Responsible Alternative

to throwing away non-hazardous exam glove waste

Transform your used **NITRILE**, **VINYL** and **LATEX** exam gloves into clean, renewable energy

Reduce landfill contribution

Decrease your carbon footprint

Long-term sustainability

# A Responsible Alternative

According to the U.S. EPA

For every ONE TON  
OF SOLID WASTE  
processed by  
energy-from-waste  
facilities

Greenhouse gasses  
ARE REDUCED BY  
APPROXIMATELY  
ONE TON

# Three Steps to a Cleaner Environment

## Step 1: Collect Waste

Order boxes with the help of your dedicated Medline sales representative

Set up Greensmart<sup>®</sup> boxes in your facility—it's quick and easy

Fill boxes with used gloves and seal when full

# Three Steps to a Cleaner Environment

## Step 2: Process Waste

Ship your pre-paid, sealed boxes to our sustainability partner

Our partner sorts, stores and processes gloves at their facility

Processed gloves are transported by our partner to the waste from energy plant

# Three Steps to a Cleaner Environment

## Step 3: Create Energy

Used gloves are converted to clean, renewable energy

Energy is sent to the grid for consumption by homes & businesses

# Track Your Progress

Track your contribution to the environment through an online portal

Questions?

# Greensmart® FAQs

1

## What gloves can be converted to energy?

Medline nitrile, vinyl, and latex exam gloves can be converted to clean, renewable energy.

2

## Can biohazard gloves be converted to energy?

No - Exam gloves destined for the biohazard bin after use should continue to be disposed of in biohazard bins. Medline Greensmart® bins are meant to replace trash cans **not** biohazard bins.

3

## How are Greensmart® bins shipped?

Greensmart® bins come with pre-paid UPS or FedEx labels. Customers do not pay separately for shipping to and from the facility.

4

## What is the cost of the program?

The cost of the program is all-inclusive, meaning customers get Greensmart® bins, shipping, backend processing and online reporting for a flat rate.

5

## Do Greensmart® bins come in different sizes?

Yes - Greensmart® bins come in size small and medium:

Medium (11"x 11"x 40") – holds about 40 lbs or 5,000 gloves

Small (11"x 11"x 20") – holds about 25 lbs or 2,500 gloves

6

## How can Greensmart® help fulfil my sustainability goals?

Greensmart® program allows customers to track their contribution to the environment through an online portal.
