

STREAMLINE PROCUREMENT PROCESSES

Manage the entire supplier lifecycle with
improving efficiency and mitigating risk

ABOUT US

Originally designed for the aerospace and defense industries, SupplierGateway has evolved into a global, comprehensive supplier information management platform for companies seeking to build a resilient, compliant supply chain. For over 20 years, SupplierGateway has supported some of the world's most recognizable brands and municipalities, and continues to create innovative procurement solutions.

The SupplierGateway platform offers comprehensive tools for buyers and suppliers to improve supply chain operations. It facilitates efficient supplier onboarding, management, and offboarding processes, integrating seamlessly with enterprise systems. Notably, it ensures full compliance and customization for all suppliers, regardless of industry, and supports diverse sectors with flexible and scalable solutions tailored to evolving business needs.

ONBOARDING & OFFBOARDING PLATFORM

IMPROVE EFFICIENCY & MITIGATE RISK IN YOUR SUPPLY CHAIN

How to leverage technology to
manage suppliers and meet
objectives efficiently

Custom Onboarding Workflows

Create onboarding experiences specific to the supplier and make the onboarding process more efficient for your team and your suppliers.

Centralized Information Management

Eliminate data silos with a single source of truth for your supplier information. Seamlessly integrate supplier data from your portal into your ERP/AP system for uniform supplier data across your entire enterprise.

Keep Supplier Information Up-to-Date

Automate expiration alerts and ensure your suppliers always have relevant, up-to-date information, compliance, and certification documents on file.

Compliance Verification

Reduce Risk by automatically verifying that suppliers meet all necessary regulatory and compliance requirements. Sanctions Checks, Experian Business IQ Reports, Bank Account Validation and more.

Supply Chain Sourcing

Post new opportunities for the SupplierGateway supplier base to find as well as install a custom portal for suppliers to register as a potential supplier.

HOW IT WORKS

SUPPLIER ONBOARDING/OFFBOARDING PLATFORM

Supplier Portals

Automated registration captures key supplier information like insurance documents, W-9s, certifications, and more.

Compliance Monitoring

Run checks against the supplier's TIN and alert you to any risks the supplier poses to your business.

Approval Inbox

Supplier reviews are routed to the correct users for approval. Users can flag and message suppliers, add attachments, get business reports, check TIN results and more.

Self-serve Updates

Your self-service onboarding portal is available anytime your suppliers need to update their data.

Post Opportunities

Source new suppliers according to your organization's buying & sourcing policies, without leaving the platform

SUCCESS STORIES

"Adopting SupplierGateway's platform transformed VHB's supplier onboarding, turning a cumbersome manual process into an efficient, accurate system. **It's streamlined our operations, improving data accuracy and enabling effective diversity reporting.**

This change has significantly boosted our operational efficiency and strategic focus. A genuine game-changer for managing compliance and promoting diversity in our supply chain."

Jamie Jacobs
IT Business Analyst
VHB

"Onboarding with SupplierGATEWAY has significantly reduced our manual processes and increased our data security across our AP department.

I'd highly recommend the SupplierGATEWAY platform to anyone looking to streamline their supplier onboarding processes. "

Kristin Thompson
Senior Accounts Payable Specialist
