

**PRODUCT
BENEFITS**

HIGHER
EDUCATION

Design the most vibrant spaces for learning—that last.

Bringing your vision to life only works if your flooring can perform. And since your goals are ours too, we're committed to the best possible products that stand up to your school's needs.

Milliken

PRODUCT BENEFITS

Expect industry-leading performance across the product life cycle

See why we're your go-to partner for every step of your flooring journey. Learn more at [MillikenFloors.com](https://www.millikenfloors.com).

Declare.

Deliver quiet comfort

- Reduce noise by up to 50% with WellBAC® cushion vs. competitor carpet and with Flexform Sound™ vs. standard LVT
- Reduce muscle fatigue by 25% and heel impact by 30%

Reduce risk of mold and moisture

- Evaporation of moisture through the WellBAC® open-cell backing reduces the risk of mold, mildew and related odors
- No moisture failures, ever for our WellBAC® carpet tiles

Creating healthy spaces

- Carbon-neutral carpet, resilient, and entrance flooring tile through M/Pact Program
- Red-list free and PVC-Free carpet and resilient materials

Make installation and maintenance easier

- Faster installation – no moisture testing, no need to remove existing adhesive, and reduced risk of chemical reactivation of old adhesive
- Lower overall maintenance requirements and total cost of ownership of carpet vs leading competitor offerings
- Resilient has best-in-class ratings for scuff, stain, and scratch resistance with up to a 22-year warranty

Get more from your floors

- WellBAC® cushion backing withstands heavy foot traffic
- Lifetime appearance of our carpet tiles is double that of competitors, lasting up to 25+ years

*See product warranties and installation instructions for full detail. Information applicable to the US Market.
