## **Part 1: GENERAL OVERVIEW**

*Part 1 of this document is intended as an explanatory overview only and does not include comprehensive specifications. Additional details and specifications are provided in the sections that follow.*

### **1.1 Description of Cooperative**

Educational & Institutional Cooperative Services, Inc. (E&I) is a member owned New York not-for-profit corporation established in 1934 and is governed by a Board of Directors. The Board of Directors is a group of professionals who are elected by the E&I Membership. The Board provides oversight to ensure the Members' needs are addressed and met. Our Membership is comprised of public and private universities and colleges, community colleges, other affiliated members, K-12, and teaching healthcare facilities throughout the United States.

The power of cooperative purchasing enables E&I to issue competitive solicitations and negotiate contracts for its Members on a wide variety of products and services. E&I currently maintains a large and robust portfolio in the areas of scientific equipment and supplies, furniture, interior furnishings, computer and software, electronics, multimedia, maintenance, food service, office equipment and supplies, transportation and delivery services.

### **1.2 Purpose and Intent of the Request for Proposal (RFP)**

The purpose of this RFP is to establish a cost effective Master Agreement ("Agreement") which complies with our Member procurement requirements and will provide E&I Members a procurement vehicle to acquire the products and/or services outlined in the Scope of Services in Part 2.

E&I is committed to utilizing purchasing and business practices in accordance with the National Association of Educational Procurement Code of Ethics. The primary goals and objectives of E&I are to: (1) assist our Members to obtain the absolute lowest cost and best value that exceeds other public sector consortia agreements, (2) establish a strategic sourcing partnership with any selected manufacturer(s) and authorized dealers, and (3) enhance our position as the premier Cooperative Purchasing Service for Education.

### **1.3 Market Opportunity**

By satisfying the above Member needs, the Cooperative anticipates significant Member purchases to be recorded against the resulting Agreement(s). The Cooperative currently has approximately 4,100 Members, comprised of roughly 50% public and 50% private. K-12 school districts, academic healthcare and research institutions have become eligible for membership in E&I. The Cooperative's expectations are a substantial opportunity for growth (in terms of Member purchases) with competitively awarded Agreement(s) in these markets. There is also interest in utilizing the potential contract by the Participating Oregon Community Colleges (POCC).

### **1.4 Member Participation**

Once the awarded Supplier has been established and the Agreement finalized, individual E&I Members (in some situations Member departments) will review the awarded Supplier's program and determine their individual participation. The awarded Supplier's program includes the Agreement along with additional supporting materials (if any) developed by the awarded Supplier.

Some Members may have existing agreements now in place. Those Members that do, will consider this program as their existing agreements expire or, if available, may choose to opt out of existing agreements. For large dollar orders, Members retain the right to do individual Member competitive solicitations.

The awarded Supplier shall be provided an electronic file listing of E&I Members. Updated versions will be sent as needed. E&I will post the awarded Supplier's program, in the form of an E&I Agreement, on the E&I internal web site. The E&I web site is password protected and only available to the Members.

Prices for any items ordered are to be based on the manufacturer's published list price in effect at the time of order placement. E&I must be notified in writing of any "proposed" changes a minimum of ninety (90) days prior to the planned implementation.

The proposal (RFP response shall include the following features:

- (i). A pricing proposal shall be in the form of a Flat Rate with Minimal fees or Zone Rate schedule for domestic, international, and all related delivery services. Services shall be listed by classification (i.e. overnight, next afternoon, second day, etc.) as part 7 "Pricing".

Proposers are encouraged but not required to provide an optional rate proposal that shall be inclusive of all charges and fees, one rate per package based on weight (all fees included in the rate). Proposers may choose to provide flat rates, zone rates, or both for domestic only shipment of packages. An all-inclusive rate will give the end users the opportunity to see the final invoice amount for each package shipped. No additional fees of any kind shall be assessed to these packages for the duration of the contract and any extensions. This program, if proposed, will be allowed an annual price adjustment with mutual agreement by both parties.
- (iv). Price Changes: Prices may be decreased at any time during the contract period. The rate adjustments will be based on the Non-Seasonally Adjusted PPI (PCU492110492110; Base Date 0312) but in no case will any increase exceed 10%. This Information is available at the U.S. Department of Labor, Bureau of Labor and Statistics website, [www.bls.gov](http://www.bls.gov).
- (v). Volume Requirements: Suppliers shall not place any minimum piece or dollar amount requirements on any Members participating in the resulting agreement which could serve to exclude a Member from using the program. Specifically, there shall be no daily, weekly, monthly or annual minimum requirements which would cause the Supplier to impose a fee.
- (vi). Funding Out: Any blanket purchase orders (an order calling for multiple deliveries over a specified period of time) is contingent upon the continued availability of appropriations.
- (vii). Billings/Payments/Reports – All charges shall be billed to the specific Member at the billing address specified by the shipper. Members may issue a purchase order and be billed directly by the supplier using the instructions outlined by the Member. The supplier shall make every effort to accommodate the end-user's billing requirements. All billing problems shall be resolved within 15 days of notification of problem.
