

Absolute temperature security for Covid-19 vaccine storage

Prepare to store vaccines safely with medical-grade equipment

These medical-grade refrigerators and freezers are specially designed for the safe storage of medications and biologicals, including the upcoming COVID-19 vaccine. We can help meet your needs with a variety of quality storage options.

Medical undercounter refrigerators

These built-in models are designed with a “front breathing” ventilation system so they can be incorporated into cabinets and other applications where free space is limited.

- Temperature range: 2°C to 8°C
- Microprocessor temperature controller
- Three shelves with guard rail
- Keyed door lock
- Two year parts and labor warranty, plus an additional three year compressor parts only warranty

Item No.	Description	Size	Pkg.
HSBPHUCBI0404	4.6 Cu. Ft., Undercounter refrigerator, solid door, 115V	W: 23.75" x D: 24.5" x H: 33.37"	1/ea
HSBPHCBIO404G	4.6 Cu. Ft., Undercounter refrigerator, glass door, 115V	W: 23.75" x D: 25.5" x H: 31.93"	1/ea

HSBPHUCBI0404
