HOW WE CAN HELP

At E&I Cooperative Services, we're committed to supporting the safety and wellness of the people on your campus. Whether it's providing spill control solutions in the research lab, following duty of care for travelers, selecting ergonomic furniture for the classrooms, delivering nutritious meal options, or anything in between, this is a challenge that touches every corner of an institution.

From the lab to the hallways, health centers, cafeteria, and the classroom, we proudly partner with trusted suppliers who offer the products and services you need to proactively ensure that your students, staff, and visitors are safe and healthy.

YOUR SAVINGS SOLUTION

We act as an extension of your procurement department, helping you save time and money by handing the entire contracting process – that means everything from research and RFP development to contract management. This process has been validated by the National Institute of Governmental Purchasing (NIGP) as complying with generally accepted procurement standards.
