

The Personalized Student & Staff Experience Table Stakes for Higher Ed using Salesforce

Marketing Cloud

Create personalized and timely messaging through channels students choose. Reach them through various channels for important and passive messaging. Support personal engagement across the lifecycle.

Education Cloud

Increase Enrollment.
Retain Students.
Drive Advancement.
Steward Loyalty.
Empower Advisors & Faculty.

Data Cloud

Unify and activate enterprise data across LMS, SIS, Housing, Dining, ERPs and other data sources and business applications. Enhance university-wide operations through a unified student profile

Agentforce

Advisor assistant that enables rapid advising against policy & procedure.

Self-service agents that drive clarity for students whenever they have a question or need assistance.
