Thought Starters

HIGHER EDUCATION

Preparing them for the future.

During college, a student's future starts coming into focus. Learning doesn't slow. It grows deeper and more complex. Educators strive to teach what employers demand of the next generation: critical thinking, team collaboration and problem solving.

Smith System snapshot for Higher Education:

- **Versatile.** The subject and teacher will influence the layout. But keep classroom furniture highly mobile so that students can quickly tuck-in their tables, get comfortable, and get to work.
- **Choices.** Simulate the flex-seating movement that began in office spaces. Offer traditional chairs, café-style seating, soft seating, rockers and more. Then let students pick where they learn best.
- **Right Size.** Adjustable tables, chairs and desks keep everyone comfortable. Be mindful of plus-size students, too.
- **Aesthetics.** Match their maturity with subdued colors, but with a touch a school spirit. Durable, high-quality crafting keeps furniture looking good.
- **Teacher Tools.** Keep expensive teaching tools mobile, secure and tidy. Look for workstations, lecterns, maker carts, whiteboards and storage on wheels.

UXL Sit + Stand Student Desk

The UXL Sit + Stand student desk is a welcome addition to any collaborative environment. Specify 4-6 to create an engaging learning zone, or outfit the entire classroom for the ultimate flexible learning environment. Featuring a unique adjustable column that floats from 26 inches to 42 inches with the press of a lever, this student desk truly adapts to any learning situation. At its lowest height students can choose to use a standard 16" or 18" height chair.
