

## Realize the Full Potential of Your Technology Investments

**Strata Information Group (SIG)** Strata Information Group (SIG) has been a recognized leader in the higher education sector for over 32 years, providing technology consulting and staffing solutions to more than 500 public and private colleges and universities throughout North America and abroad. SIG helps institutions nationwide realize the full potential of technology to transform the student experience, achieve operational agility, and ensure business continuity.

SIG has strategic partnerships with leading technology providers and organizations, including Ellucian, Oracle, Workday, and Slate by Technolutions, who share the company's commitment to higher education and offer top-quality products, services, and solutions. SIG also has extensive experience providing services for Campus Management, Jenzabar, and Unit4, and supports integrations with most learning management systems and other applications. SIG is a member of the Amazon Web Services (AWS) Partner Network and has AWS certified cloud practitioners on staff.
