The Safest Workplaces have Fellowes

Only Fellowes AeraMax Pro air purifiers sense and react to occupancy and air quality changes, capture 99.99% of airborne coronavirus*, and show that the air is clean.

*Fellowes AeraMax Pro air purifiers were demonstrated through independent laboratory testing to be effective in reducing aerosolized airborne concentration of Human Coronavirus 229E in a test chamber, reaching 99.99% airborne reduction within 1 hour of operation.

Protect What Matters Most
Your Students and Educators

For complete virus protection*, add air purification to hand and surface hygiene practices with Fellowes AeraMax Pro commercial air purifiers.

*The AeraMax Professional Air Purifier was demonstrated to be effective in reducing airborne concentrations of influenza A aerosol in a test chamber, reaching 99.9% airborne virus reduction within the first 35 min of operation.
The rapid global spread of COVID-19 has increased our urgency to protect ourselves and each other. Multiple studies have demonstrated that when it comes to virus transmission, the airborne threat is real and cannot be ignored.

Healthy and safe facilities matter now, more than ever. We must protect ourselves in shared environments against future viral outbreaks.

AeraMax Professional commercial grade air purifiers provide maximum protection with True HEPA filters that can capture 99.97% of all airborne contaminants, including airborne viruses*.

AeraMax® Professional COMMERCIAL GRADE AIR PROTECTION

A complete hygiene solution should consist of 3 essential components – washing your hands, sanitizing surfaces and cleaning the air for protection against person-to-person virus transmission.

AeraMax Professional commercial grade air purifiers provide maximum protection by removing up to 99.97% of all airborne contaminants, including airborne viruses*. Specifically designed to provide 24/7 smart air cleaning for shared air environments using proven filtration technology.

Clean the air you share with AeraMax Professional from Fellowes Brands, a family business since 1917.

*Independent Laboratory Study – March 2015
