Hotspot and Connectivity solutions from Cradlepoint and MobileWare *in stock* at Staples.

cradlepoint

Cradlepoint Mobile Secure Wi-Fi Network Solution

Create rolling hotspots to extend connectivity and provide Wi-Fi to students. Cradlepoint is the leading provider of subscription-based Wireless WAN Edge solutions that combine cloud, software-defined networking, and 4G LTE & 5G cellular technologies to connect people, places, and things everywhere.

- Built-in Wi-Fi
- Web and content filtering
- Remote visibility management

MobileWare Global MiFi VPN Solution

Provide secure internet access through private network Cybersecurity and Management included. A great solution in rural areas with limited broadband connectivity.

- All US networks on a single SIM – Verizon, AT&T, T-Mobile
- Fully redundant network
- Online threats detection and protection
- Deep packed inspection – identify different application and services
- Apply network policies – block specific services and websites, apply parental control policies on the network level
- 24/7 NOC monitoring

MobileWare

Create inspired and engaging environments with ViewSonic Viewboard Interactive Displays

ViewSonic Viewboard Interactive Displays

Transform your school into an immersive learning environment. With Viewboard interactive displays, MyViewboard collaboration software, and optional Windows 10 slot-in PCs for advanced functions, Viewsonic delivers a complete turnkey solution for agile collaboration spaces – all you need to add are the tables and chairs.

- Responsive touchscreen ideal for notetaking and brainstorming
- Integrated screen casting encourages content sharing
- Remote users can share screens and engage in real time
- Cloud-based files can be accessed, retrieved, and saved wherever you go

ViewSonic®
