

 **TriMark**
Foodservice Equipment, Supplies and Design
STRATEGIC

Comprehensive Food Service Solutions

When it comes to delivering a full range of comprehensive food service equipment and services, E&I members can now rely on Strategic Equipment, LLC (TriMark) through our new contract.

From products and design to project management and services, TriMark offers unparalleled levels of service by combining the hands-on support and local market knowledge of a regional supplier with the industry expertise and delivery and installation capabilities of a national corporation.

Contract Highlights:

- Experienced project managers & service solutions guide projects from conception to completion
- Access to over 290 individual manufacturers
- Organized discount structures across all product categories
- Ancillary & support services, including purchased product management, consolidation, consultation & design
- Products & services critical to a successful food service operation
- Wide range of specialties, from commercial kitchen design to installation & construction, kitchen & dining supplies, refrigeration, furniture, dinnerware, storage, laundry & more
