

## We're here to help.

In critical situations, having a single source provider can make all the difference. United Rentals supported the construction and operation of 25 alternative care facilities and various testing sites throughout the country. During the recent pandemic we've rented in all 10 FEMA regions to contractors and directly to federal, state and local agencies. We've also sourced equipment from all over the country to meet the needs of our customers during the pandemic and natural disasters.

**Power & HVAC Solutions**

**Aerial Equipment**

**Portable Sanitation**

### Logistics Matter

- We are ready to work with you to rapidly deploy equipment solutions to help with your immediate response needs.
- Having a contract in place with us ensures equipment is available nearby and ready to support you through any event.
- Our ability to move fleet to meet our customers ever-changing demand is critical. We move billions of dollars in fleet among our branches on a regular basis.
- Our large national footprint allows us to respond to multiple events at one time.
