

## WHY MILLIKEN

### PROVEN PERFORMANCE & DURABILITY

- All of our carpet tiles achieve a Heavy or Severe TARR rating by the Carpet and Rug Institute.
- Our products are regularly used in high traffic areas.

### DESIGN EXCELLENCE

- Milliken's unique print technology offers the ability to bring vibrant color and pattern to the market.
- Unique aesthetic
- Low minimums
- Quick lead time
- Branding capability

### UNPARALLELED MOISTURE MANAGEMENT

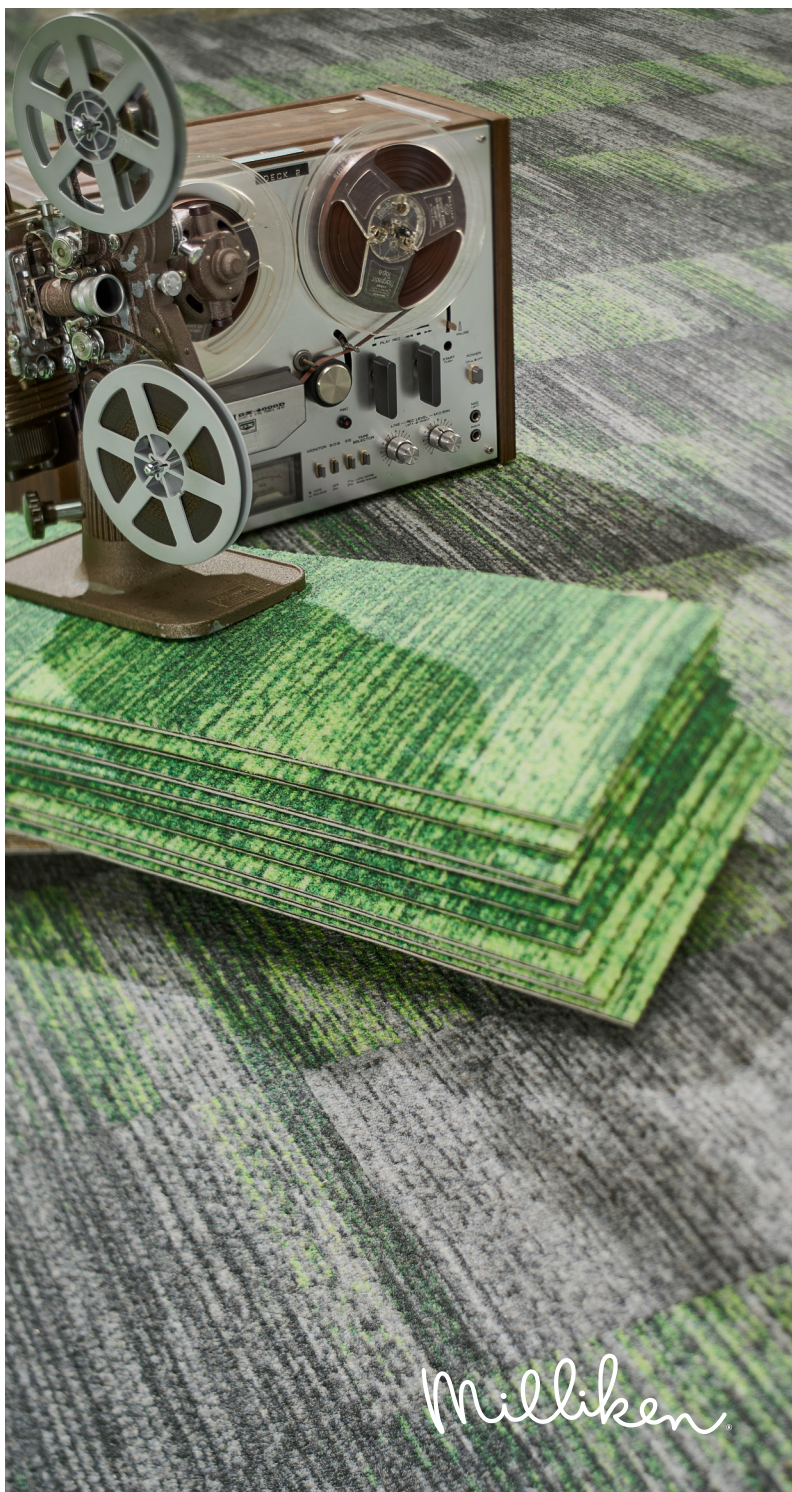

- Our standard WellBAC® Cushion backing allows moisture to escape from the sub-floor, eliminating mold and mildew.
- We haven't had a moisture claim in over 20 years.
- No moisture testing required, and no RH or pH limits.
- All of our adhesive options are fully warranted.

### WELLBAC® CUSHION

- WellBAC® Cushion comes standard on all our carpet products providing you great indoor air quality, better acoustics, and maximum comfort.
- Our cushion backing increases the life of a carpet by 40-50% longer, on average, than other products.
- Our cushion backing is chemically inert—there is no risk of adverse reaction with old products from a previous install.

### ACOUSTIC BENEFITS

- High noise levels have been shown to increase stress levels, which in turn can have a big impact on workers' overall health and wellness.
- Milliken standard WellBAC cushion backed carpet tile absorbs 50% more noise than vinyl and hardback carpet tile.

Milliken

## WE'VE GOT YOUR BACK

- Our modular carpet tile products are covered by 14 different warranties to protect your investment for life.

## SUSTAINABILITY

- Sustainability is core to our culture. Milliken is committed to less waste in shipping which is why we ship on pallets and not in boxes.
- All of our Floor Covering North America manufacturing facilities are zero waste to landfill.

## OUR COMMITMENT TO THE PLANET

We are thrilled to have launched our M/PACT Carbon Offset program last year. Our entire product portfolio is carbon offset everywhere in the world, today.

## ETHICS

Milliken is one of only seven companies to have received Ethisphere's World's Most Ethical Companies award since its inception in 2007.

## UN GLOBAL COMPACT INITIATIVE

In 2019, Milliken joined other manufacturers that aligned their operations and strategies with ten universally accepted principles in human rights, labor, environment and anti-corruption.

## CEO PLEDGE

Milliken joined other companies across the globe in signing this call-to-action pledge to cultivate a trusting environment where all employees feel empowered.

## WE'RE ONLY GETTING STARTED

Through conservation and efficiency, Milliken's floor covering division has reduced its global eco-footprint by 50% over 15 years.
